# Before B.C. Was Born

First of a series of articles narrating the romantic experiences of a pioneer who has seen a great province emerge from the wilderness

As related by JASON O'ALLARD to B. A. McKelvie

Jason's first experience in the country—what was the result of it?

My husband was Fort Langley eight years ago. In 1905, Fort Langley was one of the largest and best settlements in the West. The climate was almost perfect, the water was pure, the land was fertile, the people were friendly, and the future was bright. It was a place where a man could find everything he needed for a comfortable life.

## A Good Day at Fort Yale

THE Indians at these days were numerous and were very friendly. I was here for a long time, and I saw many things that were very interesting. The Indians were very kind to me, and I was very happy to be here. I was very much interested in the life of the Indians, and I was very much interested in the life of the people of the West.

# Why Firestone Tires Hold ALL Records

## GUM-DIPPED FOR GREATEST ENDURANCE AND MILEAGE

The greatest enemy to our life is internal heat and friction—produced within the tire by the cords chafing against each other. Firestone has solved this problem with the patented exclusive Gum-Dipping process.

In the extra process, every cord passes through liquid rubber which saturates every fiber in every strand and insulates every part of the cord with pure rubber. This is the

only known method which cures the liquid rubber to the innermost parts of the cords and unifies the whole structure of the tire . . . the cords—where they hold all records for safety, mileage and endurance.

Your nearest Firestone Dealer has a complete stock of Firestone Gum-Dipped tires. He saves you money and serves you better. See him today.

## WHERE CLEANLINESS AND SAFETY REIGN SUPREME

FROM sterile operating rooms to dining room kitchens, the modern hospital is a model of sanitation, cleanliness, efficiency . . . and because efficient, wholesome, well-prepared food plays so large a part in the well-being of patients, and of those folks who are sick, preparation of food in a hospital is scrupulously planned and supervised. It is significant that "Wear-Ever" utensils are standard equipment in Canada's principal hospitals. What stronger endorsement could anyone ask?

For these same reasons of cleanliness and safety "Wear-Ever" is rapidly becoming the standard for every Canadian home kitchen. If you are not fully supplied, see the nearest "Wear-Ever" dealer.

Responsibility is usually laid to the child's character development and there are plenty of old-time tales to substantiate the fact that the parents are to blame for the child's behavior.

## As the Twig is Bent

Character doesn't "happen," it must be built and the parent's task is that of builder

By MARIE CREWS RINGLAND

IT COMES without saying that every parent who is serious about his child's character development and who is willing to do his best to bring up his child in a way that will make him a useful member of society, will be interested in the character of his child's behavior. It is not only the child's behavior that is of interest to the parent, but also the child's character. It is the character that is the basis of the child's behavior.

One of the most common things that comes before the parents of a child is the question of the child's character. It is not only the child's behavior that is of interest to the parent, but also the child's character. It is the character that is the basis of the child's behavior. It is not only the child's behavior that is of interest to the parent, but also the child's character. It is the character that is the basis of the child's behavior.

# Security Markets Reflect Acute Credit Stringency

By A.W. BULL

NOTWITHSTANDING the fact of speculation in the market, a week of recent trading has shown a marked improvement in the security market. The fact that the market has been so good for a week is a reflection of the fact that the market has been so good for a week. The fact that the market has been so good for a week is a reflection of the fact that the market has been so good for a week.

All the most important developments in the market are now being reflected in the market. The fact that the market has been so good for a week is a reflection of the fact that the market has been so good for a week. The fact that the market has been so good for a week is a reflection of the fact that the market has been so good for a week.

Which fact may have been the most important in the market is the fact that the market has been so good for a week. ## Why Have Writer's Cramp?

Why the nerve-strain and fatigue of ordinary pens? . . .

# Try the Parker Pressureless Duofold

## For Permanent Relief

*\*Guaranteed Against  
All Defects*

You've heard about Parker Pressureless Touch. Now see what it saves in time, effort, and fatigue.

The feather-light weight of the pen alone provides all the pressure required for writing. You don't know how easily you can write until hand and fingers are so relieved!

In addition, a Parker Duofold is 25% lighter than a rubber pen. Still more, it's Non-Breakable!

These features are gained by the use of a remarkable material called Parker Permanite. It feels good to the fingers, is easy to hold and comes in live flashing, modern colours.

### Holds 24% More Ink!

And now the Parker Duofold holds 24% more ink than average pens, size for size—proved in an independent laboratory test with five other makes competing. In the same laboratory, Parker Duofold Senior wrote 6112 words on a single filling!

So far as we know this is a world's record for a standard fountain pen.

### An Everlasting Value

To buy such a pen is to purchase the utmost in service that any pen can give, plus assurance that this service will be everlasting.

\*The Parker Duofold Pen is made to give lifelong satisfaction. Any defective parts will be re-

*This is Parker Pressureless Touch*

placed without charge provided complete pen is sent to the factory with 12c for return postage and registration.

Thus Pressureless Writing becomes yours, in one of the handiest fountain pens you've ever seen, and you save months of nerve-strain and fatigue!

Try it yourself today—at a nearby pen counter.

Look for "Geo. S. Parker—DUOFOLD," stamped on the barrel to know you have the genuine.
